Instruction Disclaimer

Dennis Kirk provides instructions to help our customers better understand how to install the products we sell. The instructions are exact copies of what the manufacturer includes with the product being sold.

That means the quality and accuracy of the instructions is solely dependent on what the manufacturer produces. We do our best to make the text legible and the pictures viewable. However, the end result depends largely on the quality of instructions the manufacturer provides.

Therefore, you will find that some instructions are not of the highest quality. Sometimes text is hard to read and pictures are not easy to see. At times you will find the overall look of the instructions to be less than professional. However, we feel it is better to provide what we have rather than provide nothing at all.

To the best of our knowledge the instructions and application information contained in the instructions is accurate. However, Dennis Kirk assumes no liability related to any errors that may be contained in the copy of the manufacturer’s instructions we provide. Buyers are solely responsible to insure that product use is consistent with their application.

If you have any questions please contact us at customerservice@denniskirk.com or 800-969-7501 so we can further assist you regarding additional product information or any other business related questions.

Thank you for doing business with Dennis Kirk.
USE THE FOLLOWING SETS OF INSTRUCTIONS TO LEARN HOW TO OPERATE THE FUNCTIONS SPECIFIC TO YOUR HELMET MODEL

DOUBLE "D" - D-RING RETENTION SYSTEM

1. Feed strap through both "D" rings.
2. Flip strap over first ring, and pull under the second ring.
3. Pull strap to tighten until fitted comfortably.
4. Flip back the end of the strap and snap to finish.

LOCKDOWN - SHIELD SECURITY SYSTEM

1. Pushing the switch to the closed position, allows the rider to safely secure the shield in the closed position.
2. Pushing the switch to the open position, allows the rider to unlock the shield to operate for normal use.

LOCK N LOAD - SHIELD REPLACEMENT SYSTEM

SHIELD REMOVAL

1. Open shield to maximum position.
2. Using your finger, push the release lever to disengage the shield, the lever will lock in place.
3. Gently pull out the shield from the locks.

SHIELD INSTALLATION

1. Make sure lock lever is locked in the down position.
2. Line up the shield on top of the retention mechanism.
3. Place thumb on center of cylinder, press down until you hear it lock. Inspect both sides to ensure both are in place. Visor should open and close smoothly, and be seated evenly around the rubber gasket.
REMOVABLE BREATH GUARD

BREATH GUARD REMOVAL
1. OPEN SHEILD TO MAXIMUM POSITION AND LOCATE BREATH GUARD.
2. GRAB THE CORNER OF THE BREATH GUARD, AND PULL AWAY FROM THE HELMET UNTIL IT IS COMPLETELY REMOVED.
3. YOU HAVE COMPLETED THE REMOVAL OF YOUR BREATH GUARD.

BREATH GUARD INSTALLATION
1. LOCATE THE 3 HOLES UNDER THE BREATH GUARD.
2. LOCATE THE 3 PLASTIC PINS ON THE HELMET. WITH YOUR THUMB, PUSH THE BREATH GUARD ON THE PINS, UNTIL ALL 3 ARE SEATED PROPERLY.
3. YOU HAVE COMPLETED THE INSTALLATION OF YOUR BREATH GUARD.
REMOVABLE CHIN CURTAIN

CHIN CURTAIN REMOVAL
1. LOCATE CHIN CURTAIN UNDER THE FRONT OF THE HELMET.
2. GRAB THE CORNER OF THE CHIN CURTAIN AND PULL AWAY FROM THE HELMET REMOVING IT COMPLETELY
3. YOU HAVE COMPLETED THE REMOVAL OF YOUR CHIN CURTAIN.

CHIN CURTAIN INSTALLATION
2. MOVING FROM THE CENTER OUT, CONTINUE TO PUSH THE PLASTIC TABS BETWEEN THE SHELL AND THE LINER.
3. YOU HAVE COMPLETED THE INSTALLATION OF YOUR CHIN CURTAIN.
